### FOR THE STUDENT

The following pages contain questions you will need to answer before starting your internship. Many of these you will answer together with your internship host and faculty supervisor, so schedule a meeting as early in the planning process as possible. This contract should then be sent to the Viticulture and Enology major coordinator, Marin Cherry ([mec345@cornell.edu](mailto:mec345@cornell.edu)). Your draft proposal may be approved as submitted, or you may be asked to make revisions and resubmit.

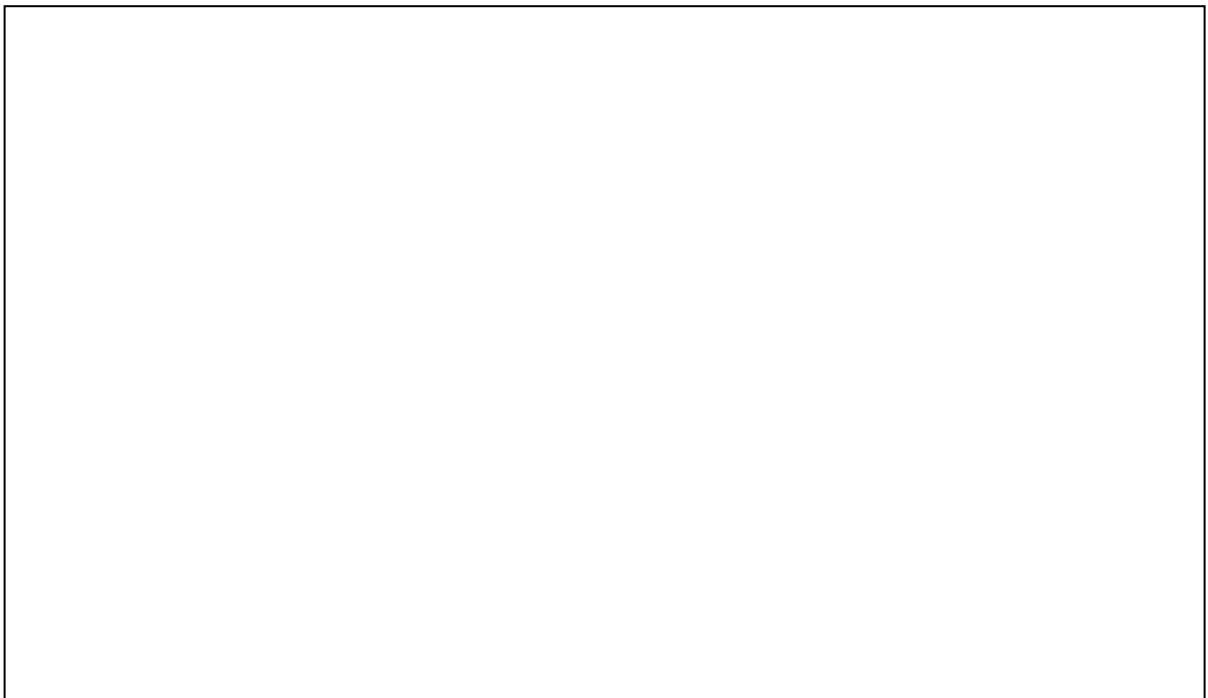

### CREDITS

Internships can be conducted any time of year, but should fall within Cornell's general policy of **one credit hour for each 45 hours of off-campus work**. This means that you can conduct 'intensive' internship work outside of the semester (e.g., during breaks), or a few hours each week while enrolled in classes. Your faculty supervisor will work with you to choose the number of credits appropriate for your project. You can take up to **three credits** of internship work at one time, with a maximum of **six total credits** earned for internships while at Cornell.

**What are your roles and responsibilities during your internship?**

**Describe the supervision to be provided by the internship host. What kind of orientation, instruction, assistance, weekly meetings, consultation, mentorship, etc. will you receive and from whom?**

**What do you intend to learn through this experience and describe how your internship will enable you to meet your learning objectives.**

**List ways you and your faculty supervisor have agreed you'll document learning (as part of receiving credit). Please check all that apply:**
